

BUSINESS CAPABILITY STATEMENT

COMPANY OVERVIEW

J4SolutionsGroup is different. J4SolutionsGroup is a logistics technology and logistics services company. We work to understand our client's needs, craft creative solutions, and deliver results that are meaningful. J4SolutionsGroup rests on a foundation of values: Service, Discipline, Innovation and most important, Results. We are laser focused on our client's satisfaction. Founded by a US Air Force Major General and Veteran, we bring clarity to complex problems and cutting edge solutions to your "front lines" of logistics.

CORE COMPETENCIES

J4SolutionsGroup operates in three primary areas:

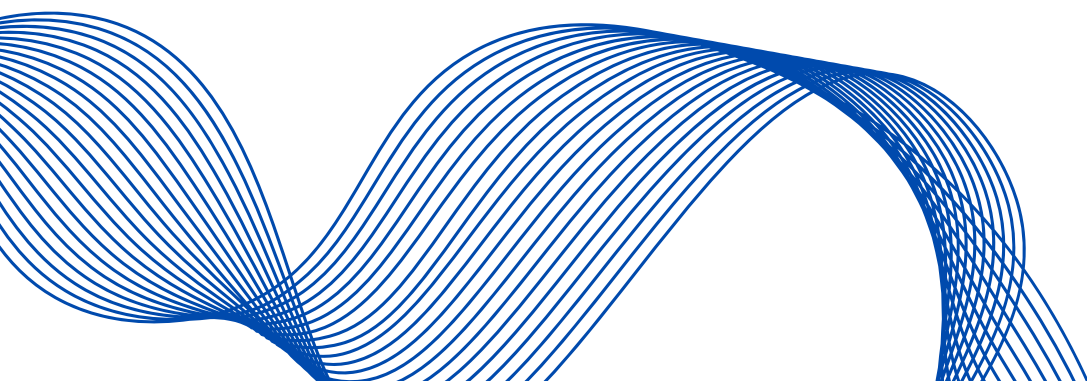

- **Logistics Technology:** AI Enabled Manufacturing, Analytics, Optimization Models, Robotics, WMS/TMS, Custom Solutions
- **Logistics Services:** Warehouse Operations, Kitting, Packaging, Inventory Management, Fuel Distribution Operations
- **Strategic Expertise:** A lifetime of experience in military and commercial logistics. Logistics planning, technology applications and use cases, "crisis" logistics, metrics and KPI, maintenance, repair and overhaul (MRO), continuous improvement.

DIFFERENTIATORS

WHAT SETS J4SOLUTIONSGROUP APART FROM THE COMPETITION IS OUR UNWAVERING COMMITMENT TO:

- **Client Success:** We prioritize understanding our Clients' unique objectives and tailor our solutions to their specific needs, ensuring maximum impact and return on investment. We deliver what you need and ask for and are not constrained by a specific product or tool that we sell.
- **Innovation and Adaptability:** Our team continuously explores emerging technologies and methodologies, allowing us to offer cutting-edge solutions that drive efficiency and competitive advantage.
- **Experienced and Diverse Team:** J4SolutionsGroup is powered by a multidisciplinary team of experts with extensive industry knowledge and a proven track record of delivering successful outcomes. We have more than 90 collective years of commercial and military logistics experience.
